

NOTES ON THE SENATE

**SENATE
OF THE REPUBLIC
OF POLAND**

NOTES ON THE SENATE is a collection of information about how the Senate works, its bodies, its role within Poland's state structure, as well as its history and architecture. We prepared 24 factsheets to help you get to know the Senate better and make the Upper Chamber of the Polish Parliament more relatable.

Education, Promotion and Publication Office prepared an interesting offer of educational activities designed to expand young people's knowledge about a parliamentary system through history lessons, educational workshops, seminars, etc. Each year we organise a national contest of knowledge about the Senate. Debates with the youth are held here regularly.

For visitors to the Senate's premises, we have prepared a number of publications to explain how the Senate works and to present information about parliamentary buildings.

If you would like to visit the Senate or take part in our workshops or history lessons, do not hesitate to get in touch with us at:
